## Demystifying the ECG

**Croí Heart & Stroke Centre** Moyola Lane, Newcastle, Galway

**PLACES LIMITED - AVAILABLE ON FIRST-COME, FIRST-SERVED BASIS**

This course addresses the needs of primary care nurses and doctors, hospital based nurses, private and public, paramedics and other allied health professionals who encounter ECG monitoring and traces. It aims to be as interactive as possible, with participants encouraged to bring along ECGs for discussion. The course assumes no knowledge of ECG and is an excellent foundation course in ECG and rhythm recognition.

### **Course content includes:**

- Ventricular arrhythmias such as ventricular tachycardiac
- Atrial arrhythmias such as atrial fi brillation
- Ischaemia and acute myocardial infarction
- SVTs

### **Workshop Facilitator: Paul Nolan**

Paul Nolan is Chief II Cardiac Physiologist at Galway University Hospitals and has been working in the fi eld of Cardiology for over 15 years. He is an experienced clinical teacher and has 11 years experience in delivering this type of ECG workshop to a range of healthcare professionals. He is fully accredited in the areas of Echocardiography, Pacemakers and ICD's.
